School of Medicine

VISION AND MISSION

We envision the School of Medicine (SOM) as an excellent educational center for the development of future physicians who are equipped with sound medical knowledge and skills dedicated to medical service in the Christian Spirit, who are globally competitive, and who can assume any of the roles in the healthcare system: as healthcare provider, academician/teacher, researcher, administrator, and social mobilizer.

SAINT LOUIS UNIVERSITY
BAGUIO CITY, PHILIPPINES

SCHOOL HISTORY

The SLU School of Medicine finds its roots in a clinical laboratory founded in 1971, dedicated to spearheading the region's difficulties with various health problems, also offering programs in Pharmacy, Medical Technology, and Nursing.

In 1976, the SLU College of Medicine was officially founded, followed by the opening of the SLU Hospital of the Sacred Heart in 1977.

Originally started with two departments, the school now boasts 16 departments encompassing the basic and clinical sciences.

SLU School of Medicine has since then grown to become one of the top Medical schools in the country, recently placing 7th on the 2025 Physicians Licensure exam with 100 or more examinees.

APMed and MD: What's the difference?

- **Accelerated Pathway for Medicine (APMed)** is a 7-year program that leads straight to the degree Doctor of Medicine (MD) without the need of a pre-Medicine program. This shortens the total time of medical education by two (2) years.

COMPONENTS	DURATION
Pre-Med required Courses	2 Years
Basic Medical Education incl. Clerkship	4 Years
Internship	1 Year

- A baccalaureate degree i.e. Bachelor of Medical Sciences (B.Med.Sci.) shall be awarded after the second year of Basic Medical Education i.e. second year of APMed.
- **The Doctor of Medicine(MD)** program leads to the degree Doctor of Medicine through a four-year program, the fourth of which includes clinical clerkship.
- Applicants for the MD program must be a holder of a bachelor's degree in Science or Arts.

ADMISSION INFORMATION

Doctor of Medicine (MD) Bases for Selection

- Applicants must be a holder of a Bachelor's degree in Science or Arts
- Intellectual qualities as reflected in the B.S. or A.B. scholastic period
- Results of the National Medical Admission Test (NMAT) must meet the percentile rank requirement of the university i.e. 40 and above
- Evaluation results of the interview (communication skills, personality, motivation, etc.)
- Must not be more than 36 years of age on the first day of classes
- Must not have been convicted by a competent court of an offense involving moral turpitude.
- Preferably a Filipino citizen

"ONLY THE TOP 165 APPLICANTS WITH COMPLETE REQUIREMENTS, RANKED BASED ON THEIR GENERAL WEIGHTED AVERAGE, NMAT RESULTS, AND ONLINE INTERVIEW WILL BE ADMITTED."

International Students (in addition to the aforementioned requirements)

- One (1) original copy of the transcript of records duly authenticated by the Philippine Embassy (Apostilled) in the student's country of origin
- Recommendation letters from two (2) school officials
- Certificate of Eligibility for Admission (CEM) from CHED
- Photocopy of bio page of passport
- Birth certificate authenticated by the Philippine Embassy in their country
- NBI Clearance
- Certificate of Graduation from previous bachelor's degree
- Accepted applicants who are non Filipinos and /or graduates of international schools will be required to pay a one-time-payment of an "Out-of-State-Fee" (\$5,000.00)

ACCELERATED PATHWAY TO MEDICINE (APMED) Application Procedure

The APMed requirements are entirely separate from the SLU CEE application

1. Requirements to be submitted in a long white folder submitted to The Committee on Admissions, Office of the Dean, School of Medicine, Saint Louis University, Baguio City 2600, Philippines:
 - Accomplished APMed Application Form
 - Certification from the Senior High School Principal of the applicant's General Weighted Average (at least 90%) and that the student was enrolled in a STEM strand.
 - SLU CEE Examination Permit
 - One 2x2 ID Photo
 2. Payment of PHP 550.00 for application evaluation processing to be added to the SLU-CEE testing fee.
 3. Qualified applicants will undergo an interview for evaluation of communication skills and non-academic qualities.
- **Only the TOP 50 applicants according to the above-given criteria will be admitted to the ApMed Program.**

Other Notes from FAQs:

- Only STEM strand Graduates can apply.
- Only Senior High Graduates of Academic year 2026-2027 can apply.
- You can still choose to apply to other programs should you decide not to push through with APMed.
- APMed students still have to take the National Medical Admission Test (NMAT) after their first two years.
- The results of the APMed application will be released on March, after the CEE results.
